From October 2008 to May 2009 I  
studied English at EOI Alicante. I  
learnt English for Básico I Students and  
my teacher was Maria Martínez Candela.

This is where I studied at school.

In my class there are four  
windows, and our desk, 32  
chairs, six parkers, three  
eraser and our teacher, she  
is young.

These are my classmates.

My classmates there are 25  
persons, ~~they are~~  
all are kinds and very  
nice. There aren't old, they  
are very young people.

I am most proud of my  
progress in vocabulary

My favourite memory of  
this year is the Grammatical  
English.

I look forward to learning  
Spanish and listening

I enjoyed learning about  
listening and writing

And this is where I study  
at home.

I study in my living room  
on the table, I never study  
watching TV.
